NOOPLI
CONTAMINATION CONTROL MATS

WE KNOW HOW CRITICAL IT IS TO ENSURE YOUR CONTROLLED ENVIRONMENTS ARE AS PROTECTED AS POSSIBLE FROM THE INGRESS OF HARMFUL CONTAMINATION.

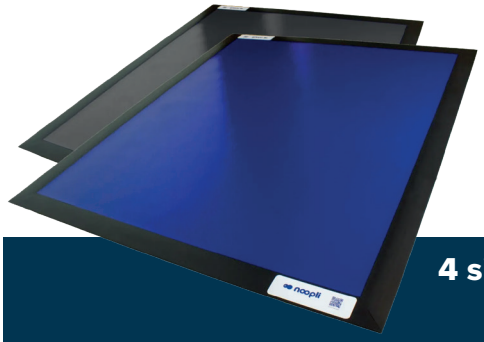

NOOPLI IS A POLYMERIC, WASHABLE, ANTIMICROBIAL SECONDARY FLOOR COVERING THAT CAPTURES, RETAINS AND REDUCES CONTAMINATION AND PATHOGEN TRANSFER.

TALK TO US TODAY TO SEE HOW WE CAN HELP

Why Noopli?

- Effective control of foot- and wheel-borne contamination
- Washable, durable, and sustainable alternative to disposable sticky mats
- Antimicrobial surface supporting the highest hygiene standards
- Easy integration into existing SOPs and cleaning routines
- Professional support from assessment to installation and maintenance

Our Solutions

Noopli Loose Laid
Flexible, pre-rolled solution – simply unroll and place.

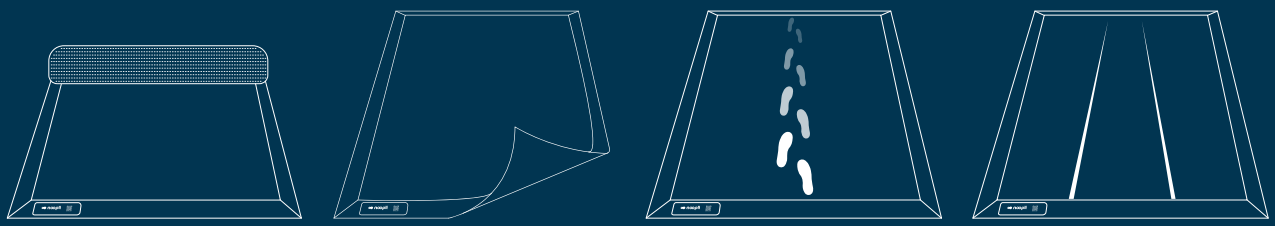

Noopli Self-Install
Flat-packed and easy to install independently.

Noopli Walk
Robust flooring solution for high foot traffic, professionally installed.

Noopli Pro
Heavy-duty system with reinforced backing for the most demanding environments.

Noopli HygieneGrip
Mobile mats – no installation required, ready for immediate use.

4 simple products for all scenarios:

noopli LOOSE LAID

Noopli Loose Laid is delivered to you as a rolled up finished mat. Simply unpack, unroll and place into the desired area. Simple and no fuss.

noopli SELF-INSTALL

Noopli Self-Install is delivered to you as a flat packed finished mat. Simply unpack and install into the desired area yourself.

noopli WALK

Noopli Walk is a verstile, long lasting, specially developed flooring system. Expertly installed by trained service technicians.

noopli PRO

Noopli Pro is a heavier duty flooring system with strengthened backing. Expertly installed by trained service technicians.

Noopli mats are also available in customised formats.
Each solution can be tailored to your specific requirements, including size, shape, layout, and application area, ensuring optimal contamination control for your environment.
