Sorenson BioScience, Inc.

Sorenson OneTouch™ Tips

Bring greater comfort to your pipetting experience and reduce wear on your equipment with versatile OneTouch pipet tips.

- **Ergonomic:** Soft top collar reduces the sealing and ejection force required, making pipetting more comfortable and efficient
- **Accurate:** Rigid, ultra-clear polypropylene body provides exceptional clarity for sample visualization and accurate measurements
- **Versatile:** Wide compatibility means you can employ them with various pipettor models, allowing for seamless transitions between equipment
- **Easy identification:** Pipet tips are color-coded by volume, allowing for quick and error-free identification
- **Long-lasting pipettor performance:** OneTouch tips are engineered to minimize wear on pipettor instruments, ultimately extending their lifespan and reducing maintenance needs
- **Certified quality:** The tips are certified RNase-/DNase-free
- **Variety of options:** Choose from barrier or standard tips in various sizes to suit your specific needs
