Subject: Statement on Per- and Polyfluoroalkyl Substances (PFAS) for Thermo Scientific™ Nalgene™ Catalog Number 3122-1000

Dear Valued Customer:

Based on review of raw material and manufacturing process information, PFAS is not intentionally used in the materials, components, or process used to manufacture Thermo Scientific™ Nalgene™ Polycarbonate Centrifuge Bottles, catalog number 3122-1000. These products have not been tested for PFAS content.

This document was prepared by the Thermo Fisher Scientific, Laboratory Plastic Essentials, Regulatory Affairs department. It has been prepared electronically and is valid without signature.

Subject: RoHS Compliance Statement for Thermo Scientific™ Plastic Labware and Consumables

Dear Valued Customer:

Thermo Scientific plastic labware and consumables, including the Nalgene, Nunc, Matrix, Samco, Abgene, ART, Finntip, and ClipTip product lines are not electrical or electronic equipment. Therefore, EU Directive 2011/65/EU (RoHS 2) as amended and Directive (EU) 2015/863 are not applicable and no official disclosure statement is required.

This document was prepared by the Thermo Fisher Scientific, Laboratory Plastic Essentials, Regulatory Affairs department. It has been transmitted electronically and is valid without a signature.

Regulatory Statement: Regulation (EC) No. 1907/2006 on the Registration, Evaluation and Authorisation of Chemicals (REACH) - Substances of Very High Concern (253)

Thermo Scientific™ Catalog Number 3122-1000

As of the date of this document, with reference to the SVHC Candidate List, as amended, the product series listed above, which is placed on the market in the European Union, is not known to contain any substances listed on the candidate list of Substances of Very High Concern (SVHC) in concentrations greater than or equal to 0.1%. Therefore, it also would not contain substances included in Annex XIV.

This determination is made based on supplier formulation information and knowledge of the applicable production processes. Please note we have not tested for all these chemicals in our product and supplier information has not been verified by testing.

This document will be updated when there are changes to the EU Candidate List of substances or if there are product composition changes that would require that additional information be provided.

This document has been prepared by the Thermo Fisher Scientific Regulatory group. It has been transmitted electronically and is valid without a signature.
