Subject: Animal Derived Substances Statement for Thermo Scientific™ Nalgene™ Catalog Numbers 3120-0250, 3120-9500

Dear Valued Customer:

The Thermo Scientific™ Nalgene™ PPCO Centrifuge Bottles, catalog numbers 3120-0250, 3120-9500 are manufactured using the materials listed in the table below. The material suppliers have provided the following content status for Animal derived substances.

Component Part Number	Component Description	Material of Construction	Content status of Animal derived substances
8-0028-03	Bottle	PPCO	The PPCO resin supplier has indicated that they do not use tallow or any other animal derived materials in the formulation of the resin.
8-0071-06	Closure	PP	The PP resin supplier has indicated that no animal-derived materials are used in the formulation of this resin.

Thermo Fisher Scientific does not reserve production equipment for raw materials that are free of animal origin ingredients. Materials that are used on the manufacturing machines are either ADC free or any animal ingredients are processed according to the EMEA/410/01 rev. 3 2011/C73/01 Section 6.4 guidance before being used in the manufacture of the resins or colorants.
