UNIPLATE Collection and Analysis Microplates

UNIPLATE microplates

Overview

UNIPLATE microplates

- Widest selection from a single source: Choice of well volumes ranging from 80 µl to 10 ml, well densities from 24 to 384 wells with round or 'V' bottom for maximum recovery.
- Chemical compatibility: Available in chemically resistant polymers capable of withstanding low temperatures for long-term storage. Opaque plates prevent optical cross talk in light emitting assays.
- Guaranteed for use with robotic handlers and centrifuge carriers.

Whatman offers a wide range of UNIPLATE microplates including various well profiles, well volumes, and well densities, in diverse polymer materials. Most UNIPLATE microplates fit most microplate readers and automated plate handling devices.

Product specifications
UNIPLATE collection and analysis microplate, 48-well, 5 mL, natural polypropylene, rectangular well, flat bottom (25/Pk)

Catalog code	7701-5500
