Technical Data Sheet

Description

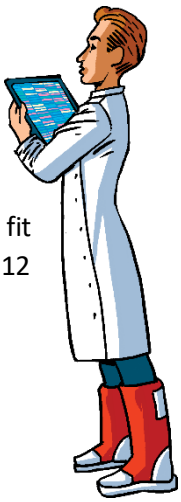

- Peelable Film - Gaz transfer (125 x 78mm); 100 sheets [4Ti-0541/SLIT]

Part number

- 045657

Pieces by sales

- 100 sheets

Technical data

- Heat sealing film that seals to PP, PE, and PS plates. Fit for insect study and seed storage. To fit all standard SBS footprint PCR and qPCR plates, microplates, assay and storage plates, from 12 well to 1536 well.

- Dimensions:
  - 125 x 78mm; 100 sheets

- Quality & Material :
  - Peelable
  - Pierceable
  - Optically clear
  - Seal integrity range: -80°C to 110°C
  - 3mm slits for gas transfer
  - Non-sterile as standard

- Use :
  - Seals polypropylene, polyethylene, and polystyrene plates
  - Suitable for insect and seed storage
