# ecopipette

SINGLE CHANNEL PIPETTES

**Each ecopipette is carefully manufactured to high standards to extend its useful life and minimise the environmental impact of frequent disposal of laboratory pipettes. Featuring an interchangeable counter mechanism, which is unique to the Ecopipette, users can quickly switch between different volume capacities without having to change their pipette. This helps to protect the environment as fewer pipettes are needed.**

**Features**

- Robust design includes metal tip base
- Interchangeable fixed and variable counter-mechanism
- Double O-rings for optimal tip seal and universal compatibility with broad range of tips
- Fully autoclavable pipette body, except volume knob
- Easy volume control through volume controller that requires 50% fewer turns
- Lockable volume controller
- Display is fully visible during hand-held operations
- Reduced need for force during aspiration and dispensing
- Large ejection pad for easy tip ejection
- Colour-coded pipette counter for quick selection of correct volume for liquid transfer

Double O-ring

Metal components

Interchangeable volume knobs

3 YEAR Warranty | Fully Autoclavable | DoubleSafe O-rings | Interchangeable knobs
