PRODUCT SPECIFICATION

Product Code:	4507/45D
Product Description:	Membrane screwcap with GL45 screw thread
Brand:	PYREX
Cap Material:	Polypropylene
Membrane Material:	Expanded PTFE
Membrane pore size:	0.2
(μm)	
Membrane thickness:	190 +/-20
(μm)	
Membrane gas flow	3.2 – 11.8
(L per minute per cm^2	(at 0.7bar)
At specified pressure)	
Membrane water:	83-103
Intrusion	
Vent hole number:	1 x 7mm
& diameter mm	(38.5)
(Total vent area mm^2)	
Method of membrane:	Ultrasonic welding
attachment	
Pack Quantity:	5 pieces per pack

SciLabware Limited hereby confirms that the product specified above is inspected according to all relevant specifications and procedures laid out in our Quality System, in accordance with our registration to BS EN ISO9001 and BS EN ISO13485.
