

# VACUUM PUMP SYSTEM SC 920 G

DATA SHEET E 296

## Technical features

- Remote-controlled for safe operation from outside closed fume hoods
- Automatic, accurate recognition and monitoring of the boiling point using the integrated ramp function
- High recovery rates even with low boiling point solvents
- Integrated gas ballast valve
- Speed-controlled
- Quiet operation
- Optimized suction capacity
- PPS pump head combined with PTFE-coated diaphragm are ideal for aggressive/corrosive gases and vapors

## Technical data

### ELECTRICAL PARAMETERS

|  |  |
|--|--|
| Flow rate [m <sup>3</sup> /h] at atm. pressure | 1.26                                       |
| Flow rate [l/min] at atm. pressure             | 21   |
| Ultimate vacuum [mbar abs.]                    | 2.0<br>< 5.0 with gas ballast valve in use |
| Nominal voltage [V]                            | 100 – 240                                  |
| Frequency [Hz]                                 | 50 – 60                                    |
| Power P <sub>1</sub> [W]                       | max. 135                                   |
| Operating current [A]                          | max. 1.7                                   |
| With overcurrent protection and main fuse      |  |

### MATERIALS

|            |                      |
|------------|----------------------|
| Pump head  | PPS                  |
| Diaphragm  | PTFE-coated          |
| Valves     | FFPM                 |
| Separators | plastic-coated glass |

### OTHER DATA

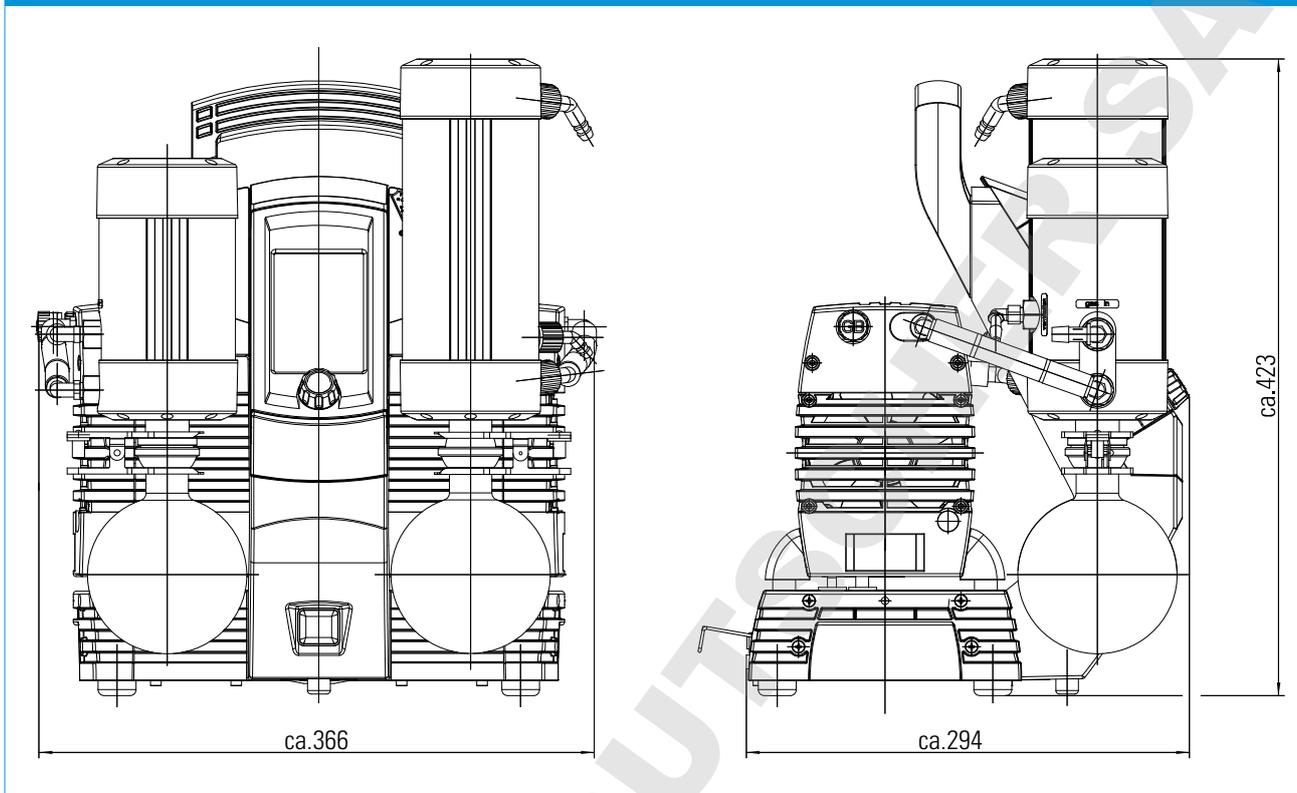

|  |                 |
|--|-----------------|
| Total weight [kg]                              | 15.2            |
| Hose connections:                              |                 |
| – pneumatic                                    | ID 10           |
| – for coolants                                 | ID 8            |
| – for inert gas                                | ID 6            |
| Dimensions W x H x D [mm]                      | 366 x 423 x 294 |
| Gas ballast valve                              | Yes             |
| Size of the separators [ml]                    | 500             |
| USB connection                                 | Mini-USB        |
| Permissible media and ambient temperature [°C] | +5 to +40       |

### REMOTE CONTROL UNIT

|                      |  |
|----------------------|--|
| Quantity             | 1  |
| Display              | LCD  |
| Wireless range       | – About 50 m without obstacles<br>– About 10 m through walls |
| Power supply         | Through integrated batteries or included power supply        |
| Battery service life | Up to 12 hours   |
| Charging time        | About 7 hours  |
| Operation            | Touchscreen/Control knob                                     |

## Dimensions

### SC 920 G

| ACCESSORIES   | ID     |
|---|--------|
| Coolant valve – G 1/2, ID 8                                     | 117121 |
| Column fixture for remote control unit                          | 120132 |
| Wall fixture for remote control unit                            | 120130 |
| Chemical-resistant protective film for remote control's display | 117407 |

## Combination possibilities

## SALES CENTERS

### Germany

KNF Neuberger GmbH  
D-79112 Freiburg  
Tel. +49 7664 5909 0
