

pipetman[®]

M connected

CONNECTED VARIABLE VOLUME
ELECTRONIC PIPETTES

| Intuitive Motorized Pipette

Simple and intuitive operating system with only two buttons, lightweight and well-balanced pipette for hours of pipetting comfort.

| Ultimate Consistency

Reproducibility is key in research. With PIPETMAN M Connected you can feel confident that variability among users is minimized.

| Connect to Gilson Apps!

With PipetteScope, you'll get access to service calibration, activity and all resources for your pipette in one location.

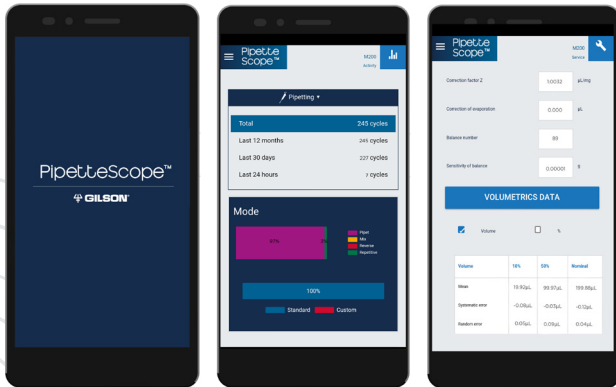

With PIPETMAN M Connected software, create custom protocols from 11 different pipetting tasks and sync up to ten custom protocols into your pipette.

Pipette Smarter.
Report Faster.
Confidently.

 **GILSON[®]**

Get your pipette on your phone with PipetteScope™

- | Know how your pipettes are used to optimize your activity.
- | Ensure reliability and reproducibility by staying up-to-date on your pipette's calibration status.
- | Access all your pipette resources from one app.
