GreenLine 300 µL CO-RE II Nested Tips

Specification Sheet (Part/REF # 235224)

GreenLine

Designed for exceptional pipetting accuracy, our 300 µL tips are built with CO-RE II Technology. Compact nested tip racks reduce reload time and free up valuable deck space, making them ideal for uninterrupted high throughput runs. Choose from conductive, clear, and sterile conductive—all produced to meet strict quality and cleanliness requirements.
