Owi Agarose Standard

Owi Agarose Standard is formulated to meet the daily needs of modern laboratories, delivering fast and reliable separation of DNA and RNA fragments.

Perfect for:

- **PCR product analysis**
- **Plasmid preparation**
- **Screening, cloning, and blotting workflows**

Key benefits:

- **Fast dissolution and quick gelling** for time-saving protocols
- **Crystal-clear transparency and low background ensure** excellent band visibility
- Sharp, well-resolved bands for precise interpretation
- **Very low DNA** binding to protect your valuable samples
