Dispenser pack refill for Sentino™ filter dispenser

Product information

Introduction

Important

Read these instructions carefully before using the products.

Intended use

The products are intended for research use only, and shall not be used in any clinical or *in vitro* procedures for diagnostic purposes.

Description

This dispenser pack refill is designed for use with the Sentino™ filter dispenser.

When loaded into the automatic filter dispenser, individual sterile membrane filters can be aseptically dispensed. During dispensing, the packaging waste winds onto spools and can be discarded at the end of the pack.

Specifications

The specifications for each membrane type are listed below.
