

Benchkote sheet for ÄKTA systems

Benchkote sheets for ÄKTA systems will protect the top buffer trays from buffer spillages and salt deposits.

Overview

Why Benchkote sheet for lab ÄKTA systems?

- Cover the top buffer tray with Benchkote sheet and protect from buffer spillages and salt deposits.
- Simplify daily and weekly preventive maintenance of the top buffer tray of your ÄKTA systems

- Smooth, absorbent Whatman paper quickly absorbs spills.
- Laminated polyethylene layer prevents flow-through to the working surface.
- Fits the top buffer tray on ÄKTA go, ÄKTA avant, ÄKTA pure and ÄKTA start protein purification systems.
- Offered in three convenient pack sizes: 10/pk, 25/pk and 50/pk sheets.
- Convenient and easy to use.

Benchkote sheets are manufactured of absorbent, impermeable material designed to protect lab surfaces against hazardous spills. The high-quality, smooth, and absorbent Whatman paper, quickly absorbs liquid spills, and laminated polyethylene layer prevents flow-through to the working surface.
