**Subject** : Statement in BSE/TSE and Animal Derived Components for the product manufactured in SaniSure SA

Dear Valued customers,

Further to your request for information regarding the presence of materials of animal origin, susceptible to Bovine Spongiform Encephalopathy (BSE) or Transmissible Spongiform Encephalopathy (TSE) in SaniSure SA products, we can provide the following information :

SaniSure SA has on file documentation which indicated that the resin used in the manufacture of PharmaTainers, vials and Caps (PET/PC/PETG/HDPE/PP) are animal derived component free (ADCF).

In addition, SaniSure SA can confirm that no additives are introduced into the resin during the manufacture of all products.

If you have any further questions or need additional information, please do not hesitate to contact me.

Best Regards,

Maxime De Coster (Quality Manager)
