Product Details

True North® Cool Containers

Conveniently nest lid beneath bucket or pan.

Rigid single mold polyurethane provides durability for chilling your temperature sensitive samples. Excellent insulation properties for ultra cold--use with ice, LN2, ice-salt slurries, and more.

Minimize evaporation loss with snug fit lid. Easily remove with comfortable recessed knobs. Keyed lid and base fit together to conveniently store lid under base.

Use handy pour spout with melted ice, water, and solutions. Ergonomic handles safely transport bucket or pan from work area to sink. Deep internal cavity has enough room to add one of your Heathrow racks. Tapered sides make stacking and storage compact.

Sold in Each.

Dimensions (est)	4L Bucket: 181(h) x 234 (dia.)mm
	1L Pan: 267x195.5x 114mm
	4L Pan: 381x254x182mm
	9L Pan: 517 x 284 x 163mm
Material	Expanded Polyurethane
Temperature Range	Temperature range: -196°C to 240°C
Color	Black, Green, Blue, Red

Part Number	Color	Qty	Shipping Dimension (Est)	Shipping Weight
HS28714K	Black Onyx	EACH	10.5 x 11 x 7.5" 267 x 280 x 190 MM	2.3 lbs (1.03 Kg)
HS28721G	Emerald	EACH	11 x 8 x 5" 280 x 203 x 127 MM	1.4 lbs (0.65 Kg)
HS28724B	Arctic Blue	EACH	15 x 10 x 6" 381 x 254 x 152 MM	2.8 lbs (1.27 Kg)
HS28729R	Ruby	EACH	20 x 11.5 x 7" 508 x 292 x 178 MM	4.2 lbs (1.91 Kg)

Applications and Useful Points

- Microbiology: Use bucket with small racks to maintain constant temperature requirements of samples.
- Histology: Temporarily store tissue samples in cool solutions during and after prep for testing.
- Chemistry: Use the bucket to chill samples and maintain specific crystallization needs.
- High durability
- Rigid
- Single molded with generously-sized handles
- Excellent insulating properties
- Dry ice, LN₂, water-ice salt solution
- Melting point: 240°C
- Temperature range: -196°C to 240°C
- Recessed knob for easy removal of lid
- Convenient stacking of lid
- Precise pour spout
- Color coded
- Leak proof
- Tapered design for easy stacking
