CORNING Life Sciences	Document Number: LSR00064	Rev.: 5
Description (Class): Reference, Customer Technical Data Sheet Cell Culture Flask, 25 cm ² canted neck, plug seal cap. Total Volume = 70 mL		Page: 1 of 2

APPLICATIONS:

- Cell culture
- Sample or reagent storage

FEATURES:

Polystyrene construction

- Optically clear for easy viewing of sample or cells
- Stable from 4°C to 60°C
- Frosted writing patch for easy labeling

Choice of surface

• Tissue culture treated plastic (TC) provides a hydrophilic surface to promote cell attachment (Cat. No. 353082

P

• Untreated plastic is hydrophobic. Ideal for non-adherent cell cultures (Cat. No. 353009)

Two-position plug seal cap

- Biologically inert, high density polyethylene provides a chemically resistant surface
- Cap can be loosely closed to allow gas exchange
- Further tightening snaps cap into sealed position that is liquid-tight
- A reference bar on the outside of the cap can be aligned with flask markings for precise incubation conditions

Molded graduations along both sides of flasks

- Graduated at 5 mL increments to 50 mL
- Allows quick volume estimation

Prominent stacking rims along perimeter of upper surface

- Permits easy interlocked stacking in incubator or culture hood
- Flasks will not slip off one another while being transported

Tissue culture-friendly packaging

- Convenient reseal tab on the bag
- Innovative bag materials that will not scuff or scratch the flask surface
- Double-wall bags provide increased sterility assurance
- Medical-style peel-open bags guarantee that sterility is maintained as flasks are removed from the bag
- Recyclable bag material (low density polyethylene)

STERILITY:

Product is gamma irradiated.

REGULATORY COMPLIANCE:

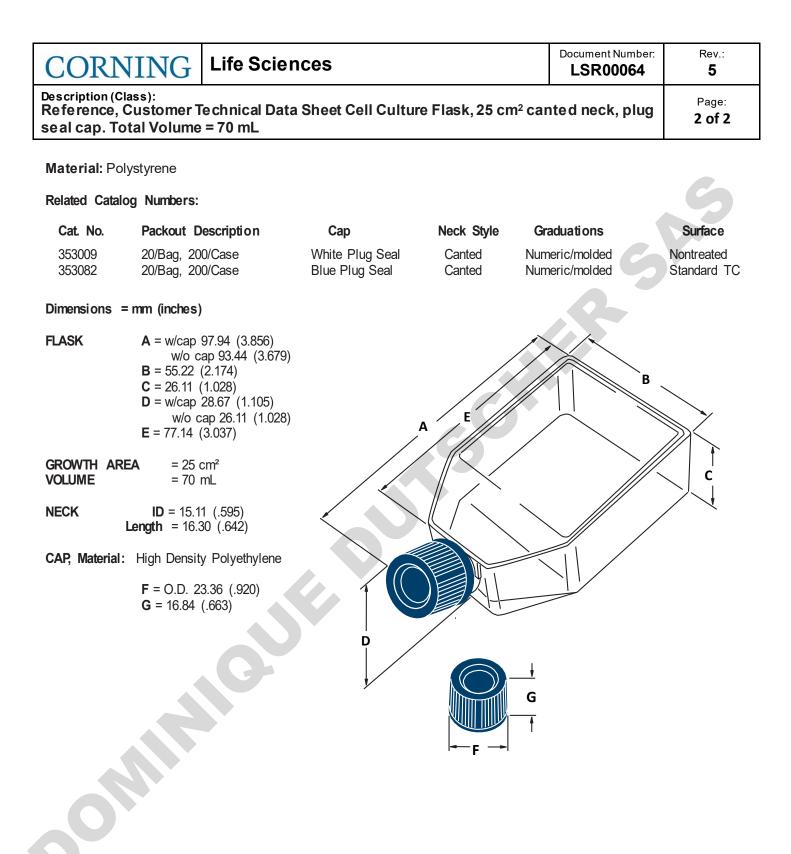

Falcon[®] products are manufactured under the current ISO 13485 Standards, and the current FDA Quality System Regulation 21 CFR Section 820.

RESTRICTIONS:

 Refer to "Thermoplastics Properties Chart," available at: <u>https://www.corning.com/catalog/cls/documents/compatibility-guides/CLS-DL-AN-226.pdf</u>
