

EU DECLARATION OF CONFORMITY**We,**

Medicom Healthcare BV, Parallelweg 80-A, 3931 Woudenberg, The Netherlands

hereby declare, under our sole responsibility as the manufacturer of the devices, that the following devices are in compliance with the Regulation (EU) 2017/745. The devices have been designed and manufactured in compliance with the **GENERAL SAFETY AND PERFORMANCE REQUIREMENTS** according to the Regulation (EU) 2017/745 specified in **Annex I**, in combination with the applicable requirements of **Annex II** and **Annex III**. Furthermore we declare and assure, that the devices covered by this declaration comply with other relevant Union legislation providing for the issuance of an EU declaration of conformity, if applicable.

Product Name: Sterilisation Pouches and Sterilisation Reels (Sterile Barrier Systems)**Intended purpose:**

These single-use, preformed and sealable reels and pouches are intended to get used for the sterilization of medical devices, in healthcare facilities (medical, dental). The devices are intended to be used as a sterile barrier for the enclosed medical devices that will be terminally sterilized with a steam sterilization process or ethylene oxide gas sterilization process by a health care provider. They are intended to maintain sterility of terminally sterilized medical devices until the point of use.

Classification according to Annex VIII of the MDR 2017/45: Class I, Rule I. (No other rule is applicable)**Basic UDI-DI:** 87202499STPORO01N9
