

Borre, Friday, March 20, 2026

Dear customer,

We refer to your request for information on our products, we would like to inform you that for the article(s) listed below:

reference	Description	Further description
TP53C-002	Corning® Gosselin™ Straight Container, 180 mL, PP, Red Screw Cap, Assembled, Irradiated	264/Case

- **Food contact**

The raw material for our products is food contact grade (comply with 1935/2004/EC, and 10/2011/EC). Our suppliers guaranty the quality of their raw materials through a certificate of compliance.

However, our finished products have not been validated for food contact applications. They are designed for laboratory applications only.

- **EU REACH**

Based on our on-going data collection efforts and/or information received from our suppliers, we have not identified any chemicals in the articles and packaging with the products referenced above, on the Annex XIV Authorization List, Annex XVII Restricted Substances List, or in an individual concentration above 0.1% weight by weight (w/w), which have been listed as Substances of Very High Concern (SVHC) and included in the "Candidate List" published by the European Chemical Agency (ECHA) lately according to Art. 59 (1,10) of the Regulation (EC) N° 1907/2006 (REACH). Based on product composition knowledge, these substances are not expected to be present.

- **Heavy metals**

The raw material contains less than 100 ppm of residual trace heavy metals covered under the EU Directive 94/62/EC (sum of Cd, Cr, Hg and Pb).

- **Bisphenol A**

The substances Bisphenol A are not intentionally used in the manufacture of the raw materials or final product.

- **Phthalates**

The substances Phthalates are not intentionally used in the manufacture of the final product. The raw material does not contain Phthalates above 0.1 % (w/w).

- **Latex**

We confirm that the products referenced above are latex free

- **PFAS (PFOA/ PFOS) compliance**

The substances of asbestos, and/or Per- and polyfluoroalkyl substances are not intentionally used in the manufacture of the raw materials or final product.

However, since we do not perform specific tests to verify the potential presence of the substances in the finished products, we cannot guarantee that there is no trace amount of some of the substances, as impurity or otherwise, in the finished products.

- **Persistent Organic Pollutants (POP)**

At present our raw materials suppliers and we do not use or intentionally incorporate any of the substances of Persistent Organic Pollutants listed in Annex I from commission regulation (EU) n° 2019/1021/EC and amendments in suppliers' raw material and our production process for any of the substances of Persistent Organic Pollutants.

It is therefore very unlikely that a considerable amount of these products below is present in supplied finished parts. However, since we do not perform specific tests to verify the potential presence of these chemicals in our products, we cannot guarantee that there is no trace amount of such a substance, as impurity or otherwise, in our products.

- **BSE/TSE:**

The products referenced above comply with the requirements of Note for Guidance on Minimizing the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products (EMEA/410/01 Rev 3).

This statement is accurate because:

- a) The components of these products are not manufactured from and do not come into contact with material of animal origin, and/or
- b) Any animal-derived material used in the manufacture of these products has been processed per the specific conditions of section 6.4 of EMEA/410/01.

- **California Proposition 65:**

The California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) establishes a list of chemicals, which the state of California's risk assessment process has determined to present a risk of cancer, birth defects or other reproductive harm. The Proposition 65 chemical list can be found at: <https://oehha.ca.gov/proposition-65/proposition-65-list> CLS has reviewed the list. The products referenced above do not contain the listed substances on the Proposition 65 list above its applicable safe harbor limit.

- **EU RoHS**

The products referenced above are not electrical or electronic equipment and therefore no official disclosure statement is required nor applicable for EU Directive 2011/65/EU (RoHS 2) as amended RoHS3 EU Directive EC No. 2015/863

We produce the finished parts comply with Article 112 of the AGEC law of 10 February 2020 and French order of 13 April 2022 on the fight against waste and for a circular economy provides for the prohibition of mineral oils on prints intended for the public.

Should you require any further information, please do not hesitate to contact us.

Yours sincerely,

Sandra Bianchi
Quality Manager
