RE: Declaration of Compliance Letter

Dear customer,

This document pertains to the following packaging manufactured by TOPPAN, Tijuana MX location:

- Thermoformed HIPS Tray
- Description: RDPLLCBIOTIX-63303363 (C013480/041043A)

This document addresses the following topics regarding our packaging:

- EU REACH 1907/2006
- ROHS 1, 2, and 3
- Safety Data Sheet (SDS)

EU REACH 1907/2006

Please be advised that the packaging provided to your company are defined as articles within the context of the European Union REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) Regulation EC 1907/2006. No chemical substances will be released from these products during their intended use, and they are therefore not subject to any of the Regulation chemical registration or pre-registration requirements. In addition, the materials used to manufacture these parts contains none of the Substances of Very High Concern (SVHC) identified on February 4, 2026, by the European Chemicals Agency (ECHA) in concentrations exceeding 0.1% by weight.

ROHS 1,2 and 3

We certify that these parts comply with the RoHS (Restriction of Hazardous Substances) regulations implementing the EU Directive 2002/95, as well as EU Directive 2011/65/EU (the Restriction of Hazardous Substances-Recast or RoHS 2 Directive; Directive (EU) 2015/863 or RoHS 3), and any implementing regulations based on it. Specifically, we certify that Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE), Bis(2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP) and Diisobutyl phthalate (DIBP) are not intentionally added to these component parts or to our manufacturing process, nor will the sum of the incidental concentration levels of these substances in the parts we supply be present in concentrations exceeding 1,000 parts per million

by weight (100 parts per million by weight in the case of Cadmium).

Safety Data Sheet (SDS)

Please be advised that thermoformed packaging articles produced by Toppan are exempt from the requirement for an SDS. Please refer to the article exemption in the Occupational Safety and Health Administration's Hazard Communication Standard 29 CFR 1910.1200 (b)(6)(v) which states that the requirements of 1910.1200 (including the SDS requirement) do not apply to articles, provided the definition in paragraph (c) is met:

(c) Article means a manufactured item other than a fluid or particle:

(i) Which is formed to a specific shape or design during manufacture; and

(ii) Which has end use function(s) dependent in whole or in part upon its shape or design during end use; and

(iii) Which under normal conditions of use does not release more than small quantities, e.g., minute or trace amounts of a hazardous chemical… and does not pose a physical hazard or health risk to employees.

As our thermoformed packaging structures meet the definition of an article, an SDS is not required.

Disclaimer

This letter is based on TOPPAN's reasonable reliance on documentation from our raw material suppliers available as of the Issue Date and on TOPPAN's knowledge of our manufacturing equipment and processes for the product(s) identified above. Unless otherwise stated, TOPPAN conducts targeted, risk-based testing and does not undertake analytical testing for substances not reasonably expected to be present. This letter addresses only the TOPPAN supplied material as shipped and not the compliance of your finished product or any downstream processing.

Where this letter addresses non-U.S. regimes (for example, EU REACH, the EU food contact framework, or China GB standards), the statements in those sections are limited to the regimes expressly identified and to the TOPPAN material as shipped. Recipients remain responsible for confirming any additional jurisdiction-specific obligations for their finished products.

This letter reflects information available to TOPPAN as of the Issue Date and may be updated if supplier information, formulations, or applicable law change. This letter supersedes any prior regulatory, compliance, or chemical-content statements for the product(s) identified above.

EXCEPT FOR ANY EXPRESS STATEMENTS MADE IN THPURPOSER, NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THOSE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE PROVIDED BY THIS LETTER. NOTHING IN THIS LETTER MODIFIES OR LIMITS ANY WARRANTIES, REMEDIES, OR LIMITATIONS OF LIABILITY SET FORTH IN THE APPLICABLE SALES AGREEMENT, WHICH SOLELY GOVERNS

TOPPAN

THOSE TERMS.

Best regards,
