Unpacking Instructions

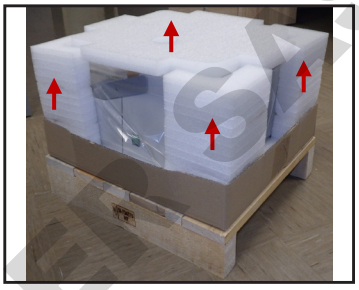

NOTE: There is a ShockWatch indicator on the packaging box, which is used to check for improper handling of the shipment. Upon delivery, check if the indicator is red. In this case, follow the instructions on the ShockWatch label.

1. Unscrew 12 screws at the bottom of wooden crate. 6 screws are marked on above picture with circles, other 6 screws are located at the same positions on the other side of the crate. Then remove the upper part of the wooden crate by lifting it.

2. Remove the upper part of cardboard box by lifting it.

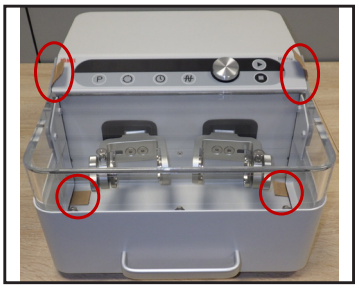

3. Remove the packaging materials.

4. The weight of the machine is 45.5 kg (100 lbs). To prevent possible injuries, at least two people should lift and carry the machine by holding it at the bottom from opposite sides. Take the machine out of the box and put it on the table.

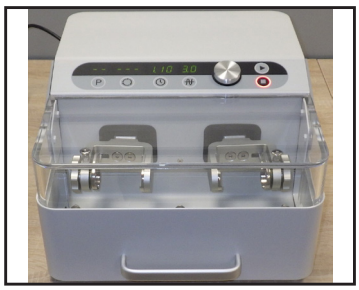

5. Remove the plastic bag from the machine.

6. Open the lid and remove the cardboard pieces used for protection of the lid.

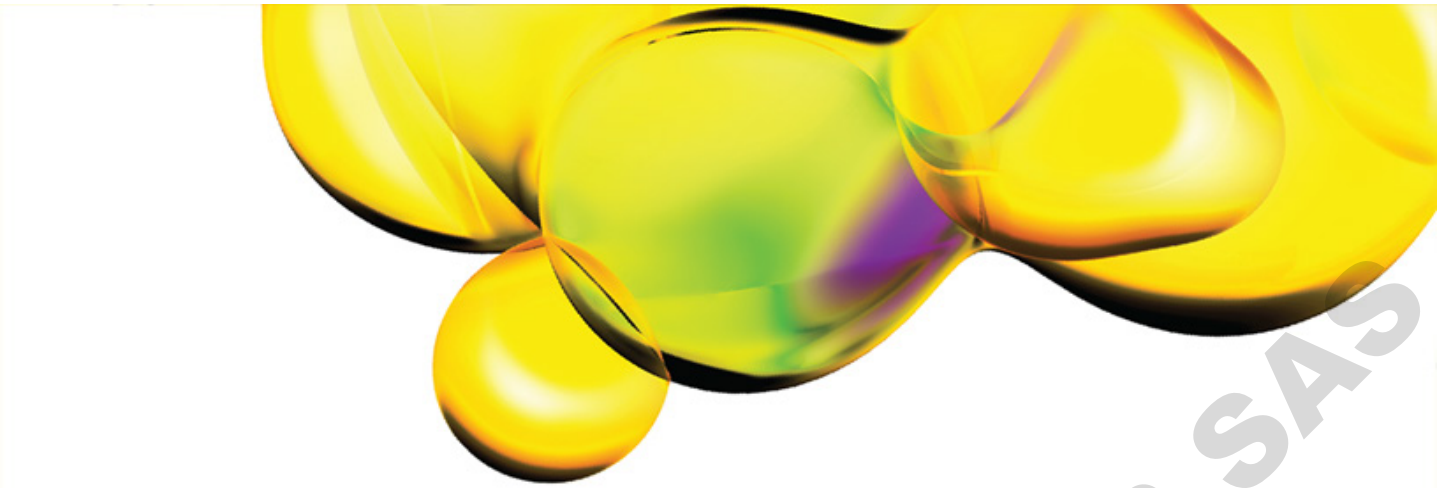

7. Close the lid and connect the power cord.

8. Check the operation of the machine.
