Technical Data Sheet

Description

3.5" Indestructible Rubber Bands
3.5 x 1/8"""" (88.9 x 3.2mm), 675 Bands/Unit

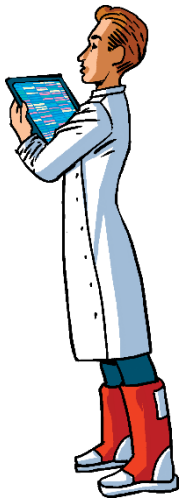

Part number

789292

Pieces by sales : 675

Description

Indestructible bands are made from EPDM rubber that offers excellent resistance to heat, ozone, acids and bases, and are not affected by changes in temperature as natural rubber bands are. These attributes make EPDM the perfect banding/bundling material for any application in your Drosophila Lab. It offers a tight stretch and heavy wall that is designed for industrial use that will not deteriorate over time.

Product Overview

- Resistant to: ozone, UV, strong chemicals, and aging
- Stretches more than 3x its starting length
- Operating range -51°C to 149°C
