Description

Nutri-Fly® Bloomington Formulation Pre-Mixed Fly Food
Bloomington Formulation, 100L (17.56Kg)/Unit

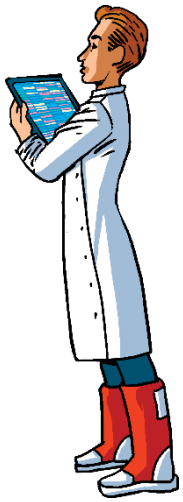

Part number

789313

Pieces by sales : 1

Description

Nutri-Fly® Bloomington Formulation is made to accommodate the requirements of large, communal Drosophila media preparation facilities as well as small, independent laboratories. Recipe can be doubled, tripled, etc. in the same batches to meet any media quantity requirements. For consistency, most ingredients come from the manufacturers cited on the Indiana University, Bloomington Drosophila Stock Center website. Packaged in re-sealable bottles, Nutri-Fly® BF is not only convenient but also robust, and guaranteed to make fresh and substantive food throughout its shelf-life of two years from delivery. Strict lot traceability procedures are employed to each ingredient, in every batch. Made in the USA.

Product Overview

- Based on the standard recipe used at the Bloomington Drosophila Stock Center
- Never be stuck with extra media components again
- Makes a total of 100L of food
- Packaged in a single large bag (inside box)
- Ingredients: Yellow Cornmeal, Agar (Type II), Corn Syrup Solids, Inactive Nutritional Yeast, Soy Flour
