

## Value and Performance Basic Pipetting at its Best

### Low forces

Lighter aspiration and blowout springs reduce plunger forces by 25% compared to similar pipettes

### Shock absorbing

Built-in silicone shock absorber in the tip ejector reduces thumb impact and stress when ejecting tips

### Ergonomic

Handle design and comfortable fingerhook allow you to rest your hand between cycles and use a lighter grip

### Built to last

Stainless steel and quality PVDF ensure best accuracy and precision, fewer out-of-tolerance failures and many years of reliable performance.

### Rainin Classic™ Performance You Can Trust

The Rainin Classic is an excellent choice for basic pipetting. Robust and durable, this pipette will provide years of dependable, reproducible performance with low out-of-tolerance errors.

The Classic's ergonomically improved handle with finger-hook has lighter spring forces, low-drag seals and a shock absorber, making it easier on your hands. And like all our pipettes, the Rainin Classic is built to last – simple maintenance is all that is required to keep it in top condition.
