xTIP4 Brochure

# The Benefits of xTIP4

Experience four patented features in the lab space

## Perfect Ergonomic System

### FlexFit®

#### Flexible Proximal End

- Requires less insertion force than competitors' to make a secure seal, reducing the risk of repetitive stress injury
- Tips don't fall off multichannel pipettes
- Completes the ergonomic system on LTS pipettes

### StarStop™

#### Positive Stop Feature

- Gives consistently low ejection forces on LTS pipettes
- Aligns the tips for even liquid levels on multichannels

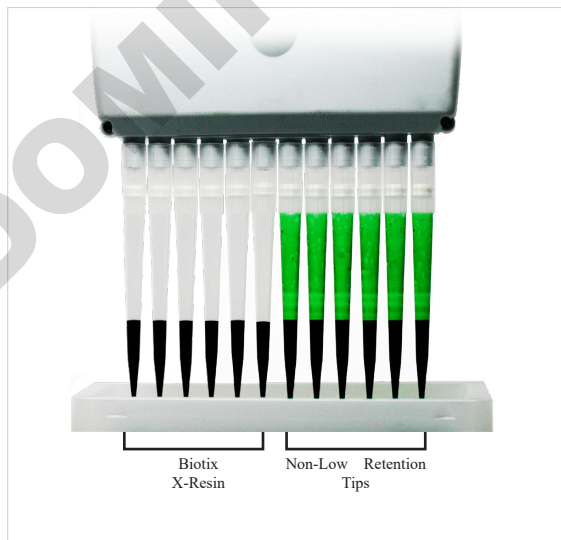

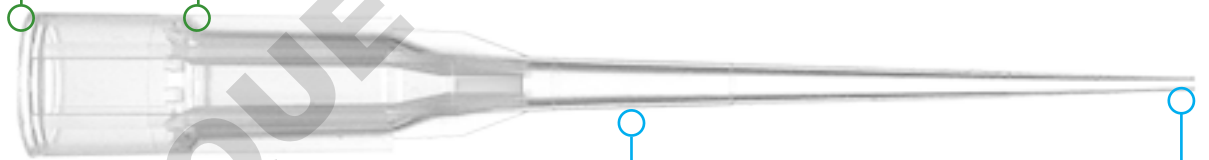

BIOTIX

### FlexFit®

Lower insertion force to make a secure seal

### StarStop™

Eliminates high ejection forces

## Clean Delivery

### X-Resin®

#### Low Retention Surface

- Maximizes sample recovery
- Improves accuracy across your experiments

### Blade®

#### Minimizes Surface Tension

- Eliminates hanging droplet formation
- Saves time by reducing the need for tip touch off
- Increases accuracy and precision

# Biotix Tip Eject Reloads

This Tip Eject reload system offers convenience and quality while reducing your lab's waste by 30%

Structural Support (A)	Locking Clasp (B)	Snap Card Tabs (C)
<ul style="list-style-type: none"> <li>• More rigid lid design for repeatable autoclave</li> </ul>	<ul style="list-style-type: none"> <li>• Secures tip during transport</li> <li>• Clicks to ensure rack is securely closed</li> </ul>	<ul style="list-style-type: none"> <li>• Simply squeeze and pull up for easy one handed snap card removal with reloads</li> </ul>

Double Ball Hinge (D)	Structural Support (E)	Modified Hole Design (F)
<ul style="list-style-type: none"> <li>• Easy to remove and reattach</li> <li>• Opens past 180° for optimal multichannel pipetting</li> </ul>	<ul style="list-style-type: none"> <li>• Rigid base design for repeatable autoclaving</li> <li>• Stable base profile inhibits tipping of the rack when pipetting the corners</li> </ul>	<ul style="list-style-type: none"> <li>• Prevents rack lift up when removing tips at an angle</li> </ul>

## Tip Eject Reload

Convenience	Sustainability	Contamination Prevention
<ul style="list-style-type: none"> <li>• Clear casing and colored snap cards for easy tip volume identification</li> <li>• Snap cards click into place</li> <li>• Easily operated with one hand without contact with tips or snap card</li> </ul>	<ul style="list-style-type: none"> <li>• 100% recyclable packaging</li> <li>• Empty racks can be autoclaved for multiple uses</li> </ul>	<ul style="list-style-type: none"> <li>• Tips are shielded from the environment and user handling</li> <li>• Rigid plastic case provides a cleaner reload than cardboard alternatives</li> <li>• All Tip Eject reloads come pre-sterilized and ready to use</li> </ul>

# Biotix xTIP4 SKUs

Our xTIP4 tips variety in options reduce your lab's waste by 50% while providing tips with extra protection during storage
