

OUR NEW PIPETTE TIPS

SAPPHIRE Pipette Tips (Bulkware)

Demands are constantly changing. For this reason, we have completely revised and further developed our pipette tip range. We are now pleased to present our new, high-quality and clearly structured pipette tip portfolio.

With their innovative design and perfect fit, Sapphire pipette tips stand for the best possible user comfort and optimal results in everyday laboratory work.

Due to the high demand, we now offer our new tips in advance as bulkware packed in user-friendly bags. Corresponding empty racks are available separately.

The entire portfolio with many other variants, for example with filter, as low retention, in racks or as refill units, will be launched in the course of the next few months.

 non-pyrogenic	 non-cytotoxic	FREE OF PCR inhibitors
FREE OF detectable DNase	FREE OF detectable RNase	FREE OF detectable human DNA

KEY FACTS

- / Universal fit for all common pipettes
- / Easy-to-read graduation for quick volume checks
- / Made from highly transparent medical grade polypropylene
- / Slim tip shape reduces contamination risk when pipetting
- / Thin-walled design for a perfect fit and reduced loading and ejection forces

SAPPHIRE PIPETTE TIPS (BULKWARE)

The bulk packaging of our new Sapphire pipette tips stands for maximum user comfort in daily laboratory use.

Arguments that convince:

- / High-quality and easy-to-open bags for convenient, hygienic removal of the pipette tips
- / Reclosability: after opening, the bags can be securely closed again
- / Colour-coded bag labelling for quick volume identification
- / Fully autoclavable
