

## CELLdisc™ Accessories

### CELLlevator™ - Easy and secured CELLdisc™ stacking

The CELLlevator™ is a new CELLdisc™ accessory facilitating easy and secured stacking of two CELLdisc™ devices to enable best possible utilization of a given space (e.g. in an incubator).

The CELLlevator™ consists of three identical blue polypropylene segments which assembled form a uniform triangle. Centering ribs at the side of the segments recession guide the insertion assuring a simple and faultless assembly process. Thereafter the stacking device is positioned within the circumferential ring of the top plate of the CELLdisc™. Another CELLdisc™ can now be positioned on top of the CELLlevator™.

Ventilation of the lower CELLdisc™ is assured by the notches on the segments whereas planarity of the upper CELLdisc™ is assured by the elevations on the segments.

The maximum loading capacity of the assembled CELLlevator™ is 8 kg which corresponds a filled 40-layer CELLdisc™. Based on the application the CELLlevator™ is delivered unsterile but can be autoclaved if necessary.

#### Key Facts

- Easy and secured CELLdisc™ stacking
- Maximum loading capacity 8 kg
- Space saving storage
- Autoclavable (120 °C, 2 bar)\*

\*Autoclaving the CELLlevator™ more than 3 times is not recommended. After each autoclaving cycle the integrity of the segments has to be analyzed by the user.

Feature	Properties
Material	Polypropylene
Max. Loading Capacity	8 kg (refers to the assembled CELLlevator™)
Sterility	No
Autoclavability	Yes (120 °C, 2 bar), max. 3 times*
TP-range	4-37 °C

## CELLdisc™ Accessories

### CELLring™ - Levelling ring compensating surface irregularities

CELLring™ assures an exact horizontal position of CELLdisc™ compensating surface irregularities, e.g. of a working bench or an incubator. Thus, cells and media distribute evenly in every single layer of your CELLdisc™.

#### Key Facts

- Ensures exact planar positioning of CELLdisc™
- Guarantees consistent distribution of cells and media in every single layer

#### Ordering Information

878075	CELLring™ - Levelling ring compensating surface irregularities, e.g. of a working bench or an incubator	1	3

### CELLhandle™ - Gripper for secure & easy transportation

CELLhandle™ facilitates secure and easy transportation of particularly large-sized CELLdisc™ formats as well as convenient emptying of these.

#### Key Facts

- Gripping device for easy lifting and emptying of large-sized CELLdisc™
- Enables single-hand usage
