TECHNICAL DATA SHEET

Part Number	933958C
Description	Micropipette Research®

Benefits :

- ✓ Eppendorf Research® plus, 1 channel, variable volume, with epT.I.P.S.® box
- ✓ Volume : 100 – 1 000 µL
- ✓ Mechanical air-cushion pipette for easy, precise and ergonomic pipetting of aqueous solutions
- ✓ This ultralight pipette was designed according to the Eppendorf PhysioCare Concept® principles
- ✓ Reduce fatigue by exerting minimal force to secure the tip with the force-damped tip cone
- ✓ Enjoy some of the lowest handling and tip ejection forces in the pipette market, helping you reduce stress on your hand and arm
- ✓ Temporarily adjust your pipette in seconds for better accuracy when pipetting difficult liquids like ethanol or when pipetting at high altitudes.
- ✓ Return to factory adjustment without calibration
- ✓ Fully autoclavable

Sales unit :

1 Micropipette
