IntelliCare™

IntelliCare™ Touchless Dispenser

Sustainable and efficient automatic hand care dosing solution.

The IntelliCare™ Touchless dispenser is part of a complete hand care solution designed to prevent infection, improve food safety, productivity and protect your brand reputation.

The dispenser is a battery-operated unit providing high levels of control, precision and speed that maximizes safety and efficiency.

It is developed with an improved modern design that includes a 100% recycled plastic components body to reduce sustainability footprint.

Dispenser Features

- Simple and intuitive touchless operation
- Improved modern design in 2 colors choice (black or white).
- Molded with 100% recycled plastic.
- Robust and reliable recycled plastics, scratch and UV-resistant body with no dirt traps make for an easy maintenance and spotless appearance
- Leading battery life and waterproof components to ensure reliable long-lasting operations.
- A two-level LED alert will warn the user ahead of battery total depletion, reducing the risk of downtime.
- Idle time between 2 shots reduced to less than 1 second helps multiple doses without ghosting effect.
- Adaptable high & low switch within the dispenser.
- Key-necked plug-in bottle 1.3L, for a quick, safe and easy refill process.
- Accessories that enable hand hygiene across application areas: drip tray and floor stand.

Benefits

- **Drive Customer Safety:** Promotes food safety and infection prevention with a closed, touchless system—improving hand hygiene compliance for employees and visitors.
- **Reduce environmental impact:** Made from 100% PCR plastic, the durable design extends product life. Eco-certified hand wash available. Foam soap reduces water, energy, and labor use, cutting the total carbon footprint.
- **Improve Efficiency:** Faster dosing (<1 second idle time), with adjustable dose sizes (1ml or 0.4ml) for flexibility. High-capacity 1.3L pouch reduces refill frequency by up to 49% compared to 800ml*.
- **Minimize downtimes:** Smart 2-level alert system notifies before battery depletion (at 5% level), enabling timely action and preventing dispenser interruptions.

*Based on internal study comparing 1.3L with 1L and 800ml pouches.

IntelliCare™

IntelliCare™ Touchless Dispenser

Refill Bottle Features

- Fully collapsible recyclable 1.3L bottle that uses up to 30% less plastic/ml than conventional bottles
- Hermetically sealed 1.3L bottle with no-drip/no-clog dosing pump that ensures content is free from contamination, avoiding the risk of bacterial build-up
- Larger volume 1.3L bottle that provides cost-effective hand hygiene and minimizes number of refill changes
- Key-necked plug-in bottle, for a quick, safe and easy refill process
- Unique bottle design collapsing from the back to enable full product visibility, with a <50 doses cue that informs when bottle will soon need replacing, enabling full product evacuation.

Use instruction

1. Green Flashing light indicates system ready to dose
2. Place palms approximately 5 cm below dispenser
3. Product will be dispensed within less than a second of sensor activation

Troubleshooting

- Alternating Green/Red light indicates that sensor is obstructed.
- Red flashing light indicates depletion of the battery over 95%. Replace batteries.
- Red fixed light indicates battery depleted. Dispenser will not dose and only resume dosing with new batteries.

Technical data	
Colour	Black / White
Dimensions (cm)	28.2 (H) x 15.8 (W) x 10.1 (D)
Dosing size	0.4ml/push 1ml/push
Material	100% recycled ABS (Body) 100% recycled PP (Backplate) Polyoxymethylene (hammer) 100% recycled Polycarbonate (Window)
Battery lifetime	90.000 activations* * Based on normal use at low dose

The above data is typical of normal production and should not be taken as a specification.
