Polystyrene Plasteur® Pipets

Finer tip than standard aspirating pipets

- The Plasteur Plastic Pasteur Pipet offers the aspirating precision of a glass pipet and the safety benefits of plastic
- Available in 5.75 and 9 inch lengths for easier handling and longer reach when working with larger vessels
- Polystyrene Plasteur Pipets are packaged sterile

Aspirating Bulb available ▶ for use with all Plasteur Pipets (Part No. 229279)
