Polypropylene Plasteur® Pipets

5.75 Inch Polypropylene Plasteur® Pasteur Pipet, Individually Wrapped Packed in Bags, Sterile

Part Number: 229271

- The Plasteur Plastic Pasteur Pipet offers the aspirating precision of a glass pipet and the safety benefits of plastic
- Fine tip is ideal for precision aspirating
- Polypropylene provides the chemical resistivity needed for many applications
- No more broken glass: more durable than standard glass pipets
- Flexible plastic helps prevent glove or skin punctures
- Will not shatter, eliminating losses due to broken glass
- No damage during shipping and handling as compared to traditional glass pipets
- Eliminate “sharps” disposal
- Can be autoclaved
