HyClone™ Trypsin Protease

Trypsin cell detachment solution.

Overview

Trypsin cell detachment solution.

- Derived from porcine pancreas
- Gamma irradiated prior to hydration and filling
- Formulated without calcium and magnesium

Portfolio includes various concentrations of Trypsin Protease.

Product specifications

HyClone™ trypsin protease liquid, 0.25%, HBSS, EDTA, without calcium, magnesium, 500 mL

Catalog code	SH30042.02
Additives	With: Porcine trypsin, HBSS, EDTA Without: Calcium magnesium
Concentration	0.25% (1X)
Format	Liquid
Sterilization	0.1 µm sterile filtered
Storage	Store frozen
