HyClone™ Trypsin Protease

Trypsin cell detachment solution.

Overview

Trypsin cell detachment solution.

- Derived from porcine pancreas
- Gamma irradiated prior to hydration and filling
- Formulated without calcium and magnesium

Portfolio includes various concentrations of Trypsin Protease.

Product specifications

HyClone™ trypsin protease, liquid, 0.25% (10X), HBSS, without calcium, magnesium, EDTA, phenol red, 100 mL

Catalog code	SV30037.01
Additives	With: Porcine trypsin, HBSS, EDTA Without: Calcium magnesium
Concentration	2.5% (10X)
Format	Liquid
Sterilization	0.1 µm sterile filtered
Storage	Store frozen
